☐ Required Delivery Date (RDD) or Period of Performance (POP):

☒ Specific characteristics of the material or service that limit the availability to a sole source/brand product (unique features, function of the item, etc.). Describe in detail why only this source/brand can furnish the requirements to the exclusion of other sources/brands. **CSCS Detachment West has a requirement for Zodiac Rib Boat Sponson repairs. Mauer Marine is the only authorized Zodiac Rib Boar Sponson mechanic in the area of service. Mauer Marine uses OEM repair parts when conducting repairs to 7M Rigid Inflatable Boats. Zodiac requires an authorized mecahnlic to service their vessels as use of a non-authorized mechanic may void any existing warranty and cause further damage. These repairs are in accordance with Technical Manual S9008-FE-BIB-010. Mauer Marine is the only vendor who can provide authorized Zodiac repairs in the required area of service.**

☒ The requested material or service represents the minimum requirements of the Government. Service by an authorized Zodiac mechanic represents the minimum requirements of the Government. Maurer Marine is the only authorized Zodiac mechanic in the service area.

☒ The material or service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. Describe the equipment/function you have now and how the new item/service must coordinate, connect or interface with the existing system. CSCS Detachment West currently owns multiple Zodiac 7M Rib Sponsons. All vessels requiring repair must be brought up to the same functionality as the rest of the Zodiac 7M Rib Sponsons. Maurer Marine, is the only authorized Zodiac mechanic in the service area and as such is the only vendor who can provide this compatibility.

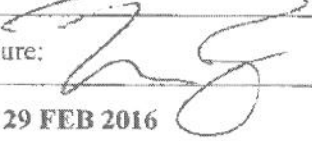

☐ A patent, copyright or proprietary data limits competition:

☐ The items are "direct replacement" parts/components for existing equipment. Provide the information about the Next Higher Assembly (NHA)/equipment which the replacement parts are going into (e.g. description, model, part number, Original Equipment Manufacturer (OEM), etc.).

☒ Other information to support sole source/brand name sole source procurement. The rationale must then justify "either" substantial duplication of cost to the Government that is not recovered through competition or unacceptable delays in fulfilling the mission of the agency. History has shown that use of a non-authorized Zodiac mechanic can result in boat failure shortly after repair service resulting in both substantial duplication of cost, but also a waste of Government time and resources.

#### TECHNICAL OR REQUIREMENTS CERTIFICATION
